4 The object of construction of the Division Channel is to provide uninterrupted supply of water for irrigation for the ayacut served by the Changravalli Channel throughout the period of construction of Hemavathy Dam. The work of constructing Duct proper and head walls etc., therefore is to be completed before 7th June 1969, to ensure that the letting of water in the Changravalli channel for the irrigation season of 1969-70 is not affected. This involves a monthly expenditure of about Rupees. 60,000 (Approximate). For completing the Duct, Head walls etc., in the prescribed time, a programme of works has been drawn up and is available for inspection in the Office of the Executive Engineer, Hemavathy Dam Division, Gorur, Taluk and District Hassan, Mysore State. It is incumbent on the part of the contractor to complete the work of Duct proper and head wall etc., before 7th June 1969 according to the programme drawn up. Failure to comply with this condition will render the contractor liable to payment of penalty up to the maximum rate of 1 per cent of the estimated cost of work put to tender. The contractors intending to tender for the work are requested to take note of this before tendering for works.
